Hi Nicole:

I wanted to take the time to thank you for all your help and hard work on our Foreclosure Rescue Fair. All of our national partners were very impressed with your media plan. They expressed that they had not seen anything like this produced for other cities throughout the country.

The last similar event we had in 2010 we tried to plan our own media and got luke warm results at best. With your help and expertise we not only were able to stretch our marketing dollars but had the highest attended event in the country!

Nicole, thanks again for all your help. Your hard work did a lot to help Tampa Bay area families who are losing their homes.

We look forward to working with you in the future. You're the best!!!!

Sincerely,

Sylvia A. Alvarez
